

How Do We Work?

Techates

PRESENTED BY

Kartik Gautam Salve

Goals:

Empowering our clients

We have over 3 years of Web Development, Software Development, Photography, Videography and Digital Marketing in this area of business and we strive to achieve the following: develop, empower, enable and maintain.

Development:

Elevate Your Brand Online with Techates:

At Techates, we're passionate about crafting exceptional online experiences that propel your brand forward. We're a one-stop shop for all

Captivating Visuals: Photography & Videography:

We understand the power of impactful visuals. Our skilled photographers and videographers capture the essence of your brand through high-quality photos

your digital needs, seamlessly integrating web development, UI/UX design, stunning visuals, and strategic digital marketing to create a powerful online presence.

The Foundation: Web Development & UI/UX Design:

Our expert web developers build robust and scalable websites that perfectly reflect your brand identity. We prioritize user-friendliness and functionality, ensuring your website is not only aesthetically pleasing but also easy to navigate and use. Our UI/UX design team meticulously crafts user experiences that are intuitive, engaging, and optimized for conversions.

and videos that resonate with your target audience. Whether it's showcasing your products, capturing the energy of your team, or telling your brand story, we create visuals that leave a lasting impression.

Amplify Your Reach: Digital Marketing Strategies:

We don't just build beautiful websites – we make sure they're seen. Our digital marketing specialists develop data-driven strategies to reach your target audience and achieve your business goals. From search engine optimization (SEO) and social media marketing to pay-per-click (PPC) advertising and email marketing, we create comprehensive campaigns that drive traffic, generate leads, and boost your brand awareness.

Maintenance:

Regular maintenance is the secret weapon of a thriving online presence. Just like a well-maintained car runs smoother and lasts longer, consistent upkeep ensures your website functions flawlessly and delivers an optimal user experience.

At Techates, we offer ongoing maintenance plans that include website security updates, performance optimization, content refresh, and analytics monitoring. This proactive approach prevents potential issues, keeps your website running

at peak efficiency, and allows you to focus on what matters most – running your business.

The usual test for a statement of fact is verifiability, that is, whether it can be demonstrated to correspond to experience.

All the information mentioned above is for our customers, pricing varies due to the vast variations in projects. We personally connect with all our clients and give them the most budget-friendly services possible.

Our Story:

Our Story

We weren't always a Tech Business. It all started with the **Recession** Era, thousands of engineers and designers were **unemployed**. This observation became a real pain point for the freshers and recent passouts, and we knew there had to be a better way.

That's when Techates came in. With a background in Software Industry, we were passionate about creating a solution that could provide **Employment and Be Budget-Friendly** on our customers pockets! We poured our hearts and souls into developing **Techates Agency**, and after successfully working with 50+ clients locally, we were finally ready to launch.

Our Mission: Making a Difference

We're not just another startup. We're driven by the mission to curb unemployment. We believe that our business forms a healthy ecosystem in the IT Marketplace and we're dedicated to making a positive impact on the IT Sector.

The Journey Continues

Today, we're proud of how far we've come. We've helped a vast number of customers and built a passionate community around Techates. But we're never satisfied with settling. We're constantly innovating and looking for new ways to improve, scale up and expand our services.

Join Us!

We're always looking for people who share our passion for this industry. If you're interested in working with us, we'd love to hear from you!
